

Yates' CURRENT Price List

Issued Monthly for Farmers, Graziers and Land Men

CONDITIONS OF SALE AND NON-WARRANTY.

We believe that all Seeds Bulbs and Roots sold by us are of the description and kind specified by us at the time of sale but owing to the practical impossibility in many cases of being certain of this we give no undertaking that such Seeds Bulbs or Roots will correspond with the description under which they are sold and we make all sales subject to this condition. We further give no warranty expressed or implied as to their growth description quality or productiveness and will not be in any way responsible for the crop. If the purchaser does not accept the goods sold to him on these terms they are at once to be returned to us and any money paid to us will be refunded.

ARTHUR YATES & CO. PTY. LTD.

PRICES AND TERMS.

All quotations, whether by letter or printed price list, are liable to change without notice and are subject to prior sale and prompt reply otherwise market fluctuations. Prices quoted in this list are strictly for the quantities shown. Special quotations will be given for quantities larger than those mentioned in this price list. If buyers have established an approved account with us, goods supplied will be charged to customer's account on the understanding that remittance will be made promptly on receipt of invoice, otherwise our terms are strictly prompt, net cash with order, and a remittance for the approximate amount should accompany same, together with the approximate freight if necessary. We will be pleased to establish customer accounts if satisfactory Sydney business references are supplied. Exchange should be added to all country cheques.

FORWARDING.

All lines priced in Yates' Agricultural Seed Section are quoted f.o.r. or f.o.b. Sydney, in which case seeds will be delivered to rail or wharf, after which they are on customer's account and at his risk. As a general rule, with goods sent by steamer or passenger train, the freight will be prepaid and the approximate value of same should be included in the remittance. Orders sent by goods rail will be sent Freight Forward except in the case of unattended platforms.

SUBSTITUTING.

As the availability of seed is dependent on the quantity harvested, frequently there are shortages in the different varieties; in such cases it has been found most convenient to our customers to substitute some other variety of a similar nature which, in our opinion, will give satisfactory results for the one ordered and where it is necessary, we try to do this. Customers are particularly requested to mark their orders clearly "Do not substitute" if they particularly want the varieties ordered and no others.

MONTHLY NOTES AND COMMENTS

This month the demand for seeds for Spring sowing starts in earnest and in this price list we have priced as many lines as possible, but all through this month the new crops of Spring seeds will be coming in so that many lines not priced will be available later on in the month. You are therefore asked to write for quotations for any lines not priced here.

SUDAN GRASS.—Several years ago a selected strain of Sudan Grass was introduced in America and its growth and productivity as compared with ordinary Sudan was so outstanding that it quickly

came into favour wherever tried. Trials made in our testing grounds quickly showed it to be an outstanding type in regard to size of leaf and productivity. We are now pleased to state that we can offer for the first time acclimatised Australian Grown seed under the name of Yates' A.Y. Broadleaf. We do not think it will be long before this type replaces ordinary Sudan Grass altogether.

SEED POTATOES.—These are available now. Special price list free on application.

APPROXIMATE QUANTITIES TO SOW PER ACRE AND WEIGHTS PER BUSHEL

The following table is offered as a very general guide only, as the correct quantities to sow per acre vary a great deal according to soil, climate, etc.				Lbs. per acre		Lbs. per bushel		Amount per acre		Lbs. per bushel		Amount per acre	
				Rhodes Grass	4-6	Cow Peas, drilled	60	10 lbs.	Pumpkins, Cattle	60	2-3 lbs.		
				Italian Rye Grass	20-30	" broadcast	60	1-1 bus.	Rape, Sowing	60	2-3 lbs.		
				Perennial Rye Grass	15-30	Grain Sorghum	60	6-8 lbs.	Eyot	60	1-2 bus.		
				Wimmera Rye Grass	5-12	Horse or Tick Beans	60	2 bus.	Seed Oats	40	1-2 bus.		
PASTURE MIXTURES.				Berseem (Egyptian Clover)	8-15	Lucerne, broadcast	60	10-15 lbs.	Seed Wheat, in drills for grain	60	2-1 bus.		
				Bokhara	5-10	" drilled	60	8-12 lbs.	" broadcast	60	2-1 bus.		
				Trifolium incarnatum (Crimson Clover)	10-12	" dry districts	60	2-8 lbs.	Sorghums, broadcast	60	15-20 lbs.		
Coastal rich soils				20-25	Lupins	60	2 bus.	" in drills	60	10 lbs.			
Coastal poor soils				12-18	Mangolds	60	5 lbs.	Soy Beans, drilled	60	15 lbs.			
Tablelands rich soils				18-20	Market Beans	60	1-1 bus.	" broadcast	60	1 bus.			
Tablelands light country				7-15	Maize, in rows for grain	56	1-13 bus.	Sudan Grass	60	8-12 lbs.			
Inland, according to conditions				6-12	Maize, broadcast	56	20 lbs.	Tares or Vetches	60	1-2 bus.			
				Strawberry	4-1	Millet, for feed	60	10 lbs.	Purple Vetch, sown alone	60	20-30 lbs.		
GRASSES AND CLOVERS.						Peas, Field	60	1-2 bus.	" with grain	60	10-15 lbs.		
				Paspalum dilatatum	10-12	Potatoes	60	6-8 cwt.	Velvet Beans, in wide drills	60	25 lbs.		
				Phalaris tuberosa	3-8								
				Prairie Grass	20-40								
				Artichokes, Jerusalem	4-6 cwt.								
				Barley	50	1-2 bus.

POTATOES: Limited quantities of Seed Potatoes are now available. Write for special quotations.

SPRAYING PREPARATIONS, FERTILISERS, GARDEN REQUISITES, Etc.

Hardware Stores and General Merchants throughout the country usually carry good stocks of these materials, and, owing to the high costs of freights and handling charges on small individual quantities, most users find it better to order such lines through the local stockist, but we carry a stock for those who find it impossible to purchase locally; and Yates' Seed Service is ready to help you procure any particular garden requisite which may be required.

GARDEN CULTIVATORS, SEED SOWERS, SPRAYING AND DUSTING IMPLEMENTS.

Yates' Special Leaflet lists the best range of small implements for the orchardist and market gardener. These machines will do practically all the laborious hand-cultivating and sowing done on the small holding much more efficiently and quickly. Also a complete range of efficient Hand Sprayers and Dusters, both large and small, for all general purposes, particularly suited to the home gardener and market grower. Write for the Special Leaflet.

Yates' CURRENT Price List

Issued Monthly for Market Gardeners and Commercial Growers

MINIMUM ORDER, 1/- PER ITEM.

We do not accept orders for less than 1/- per item.

CARRIAGE FREE.

We send bulk Vegetable and Flower Seeds carriage free (by cheapest route). Carriage is charged extra on Beans, Peas, Roots, and Mushroom Spawn, or where goods are sent on customer's instructions by other than cheapest route. Delivery is made in Sydney when properly consigned at the Post Office, Railway or Shipping Wharf.

TERMS OF PAYMENT.

Where supplies are obtained through any Yates' Distributors terms are as quoted by them. In all transactions direct with us our terms are net cash with order (including freight where chargeable) except where customer has an approved account with us or when a satisfactory Sydney business reference is given when ordering, in which case payment is due on receipt of invoice. When remitting please keep a record of the numbers of any postal notes sent and do not include notes or coins except in registered letters. Country cheques should include exchange.

SUBSTITUTING.

On account of the difficulty in obtaining full supplies of many lines, and the failures of crops of others, we may, if unable to supply the exact variety ordered, substitute for it some other variety of a similar nature, which will, in our opinion, give satisfactory results.

If this is not desired, please mark order clearly: "DO NOT SUBSTITUTE."

CONDITIONS OF SALE AND NON-WARRANTY.

We believe that all Seeds Bulbs and Roots sold by us are of the description and kind specified by us at the time of sale but owing to the practical impossibility in many cases of being certain of this we give no undertaking that such Seeds Bulbs and Roots will correspond with the description under which they are sold and we make all sales subject to this condition. We further give no warranty expressed or implied as to their growth description quality or productiveness and will not be in any way responsible for the crop. If the purchaser does not accept the goods sold to him on these terms they are at once to be returned to us and any money paid to us will be refunded.

ARTHUR YATES & CO. PTY. LTD.

PRICE CHANGES.

All prices are liable to change without notice. All quotations, whether by letter or printed price list, are subject to prior sale and prompt reply, otherwise to market fluctuations.

PRICES FOR LARGE QUANTITIES.

The reduced rates for larger quantities apply only if the respective quantity is ordered at the one time. The sign (†) means we will usually quote a reduced price for that quantity. The sign (—) means temporary shortage of stocks and we are unable to supply in that or larger quantities; in such cases customers should write for further information and forward quotations.

VEGETABLE SEEDS—PRICE LIST

For meaning of daggers (†) and dashes (—) in price columns, see special note above in reference to Prices and Quantity Rates.

Customers will please note that we do not execute orders in bulk, i.e., by weight, to a value below 1/- per item of any vegetable seeds.		Per ounce.	1 lb. box.	Per lb. (1 lb. to under 3 lbs.).	3 lbs. PAGE 6 INFORMATION CHART FOR VEGETABLES

Following recommendations are approximate only—your own experience and that of others in similar conditions is a valuable guide
FOR TIME TO SOW— See Yates' Garden Calendar and also consult others in your locality.
 We have Cultivation Leaflets or Booklets on all important vegetables—write if interested. Yates' Garden Guide (1/- post free) will be found very useful by those lacking experience.

Distance between the rows has to be adjusted to the type of cultivating implements in use. Also the distances and spacing do not necessarily apply for intensive market gardening conditions.

Time required to mature ready for use varies according to variety and time of year, and is calculated from the time sown or transplanted into the permanent beds in the open. Bushel of Beans or Peas = 60 lbs. Depth to plant depends on soil type, also on weather—plant deeper when dry and hot.

Vegetable.	How Usually Sown or Planted.	Amount to Sow 100 feet of Row.	Amount to Sow an Acre.	Between Rows (in feet).	Space (in inches) Between Plants in the Rows.	Depth to Plant (in inches).	Approx. Time Till Mature (in months).	BURNING FEET OF ROW PER ACRE at Various Distances.
Artichoke (Jerusalem)	Drills	80 tubers	4-6 cwt. tubers	3-3	15-18	6	In Winter	Distance Between Rows
Beans, Dwarf	Drills	Small seed, 1 lb.	Small seed, 1-1/2 bus.	2-3	4-6	1-2	2-2 1/2	Running Ft. of Row per acre.
Beans, Climbing	Drills	Large seed, 2 lb.	Large seed, 1 bus.	4-6	6	1-2	2-3	18 inches 29,000
Beans, Broad	Drills	1 lb.	1-1/2 bus.	2-3	6-9	2-3	4-5	24 " 21,800
Beet	Drills and thin out	1-1/4 oz.	6-10 lb.	1-2	3-5	1-1	2-3	30 " 17,400
Beet, Silver or Spinach	Drills and thin out	1 oz.	5-8 lb.	1-2	3-5	1-1	2-3	36 " 14,500
Brussels Sprouts	Transplanted	50 plants	1 lb.	3	18-24	1	5-6	42 " 12,400
Cabbage (seed)	Transplanted	Packet	1 lb.	2-3	15-30	1	2-3 1/2	48 " 10,900
Cabbage (plants)	In rows	60-100 plants	7-12,000 plants	2-3	15-30	1	2-3 1/2	6 feet 7,300
Carrot	Drills and thin out	1-1/2 oz.	3-4 lb.	1-2	2-4	1	2-3 1/2	8 " 5,400
Cauliflower	Transplanted	40-50 plants	1 lb. 5-7,000 plants	2-3 1/2	21-36	1	2-3 1/2	16 " 2,700
Celery	Transplanted	200 plants	4-6 oz.	2-3	3-5	1-1	5-6	(See varieties)
Egg Plant (plants)	Transplanted	50-70 plants	5-7,000 plants	3	24-30	1	4-4 1/2	From sowing
Kohi Rabi	Transplanted	3 oz.	2-3 lb.	1-2	5-8	1	2-3	4-4 1/2
Lettuce	Drills and thin out or transplanted	1 oz.	2-3 lb.	1-2	6-12	1	2-3	2-3
Onion (seed)	Drills and thin out	1-1/2 oz.	3-4 lb.	1-2 1/2	3-5	1	7-9	5-6
Potatoes (tubers)	In rows	200-300 plants	40-60,000 plants	11-24	3-5	4-6	4-5	From sowing
Parsnip	Drills and thin out	1 lb.	6-8 cwt.	2-2 1/2	12-18	1	7-9	4-4 1/2
Peas	Drills and thin out or Broadcast	3-1/2 oz.	4-6 lb.	1-2 1/2	3-6	1-1 1/2	5-6	4-4 1/2
Radish	Drills and thin out or Broadcast	1 lb.	1-1/4 bus.	1-2	2-3	1	1-1 1/2	4-4 1/2
Spinach	Drills and thin out	1 oz.	8-12 lb.	1-1/2	3-5	1	2-2 1/2	4-4 1/2
Sweet Corn	Drills	3 oz.	12-15 lb.	3-4	12-24	1-2	3	4-4 1/2
Sweet Potatoes (plants)	In rows	50 plants	5,500 plants	3-4	24-36	1-1	4-5	4-4 1/2
Tomato (seed)	Transplanted	Packet	2-3 oz.	3-6	24-36	1-1	31-5	4-4 1/2
Tomato (plants)	In rows	40-50 plants	4-7,000 plants	3-6	24-36	1-1	3-3 1/2	4-4 1/2
Turnip	Drills and thin out	1 oz.	10-12 lb.	1-2	3-6	1-1	2-3	4-4 1/2
Turnip, Swede	Drills and thin out	1 oz.	1-2 lb.	1-2 1/2	4-9	1-1	3-4 1/2	4-4 1/2

SUMMER VINE CROPS.

Usually sown in hills or groups, about 6-8 seeds to each, and later thinned out to the number shown below, choosing strong, well-spaced plants.

	Amount to Sow an Acre.	Spacing (in feet).	Number of Plants per Hill.	Depth to Plant (in inches).	Approx. Time Till Mature (in months).
		Between the Rows	Between each Hill in the Row.		
Cucumber	2-3 lb.	4-6	3-4	1-2	2-3
Marrow, Bush	3-4 lb.	3-4	2-3	1-2	2-3
Marrow, Running	2-3 lb.	8-10	3-4	1-2	2-3
Melons, Water	2-3 lb.	8-12	6-10	1-2	3-4 1/2
Melon, Rock or Cantaloupe	2-3 lb.	6-8	4-6	1-2	3-4 1/2
Pumpkin	2-3 lb.	12-15	3-4	1-2	3-4 1/2
Squash, Bush	3-4 lb.	3-4	2-3	1-2	2-3
Squash, Running	2-3 lb.	8-10	5-6	1-3	3-4 1/2

FLOWER SEEDS—BULK PRICES (POST FREE)

For meaning of daggers (†) and dashes (—) in price columns, see special note at top of page 4 in reference to Prices and Quantity Rates.
 Commercial Flower Growers will now be thinking of their requirements for early Spring Sowing, and in this issue we have included some of the more popular lines that we can supply in bulk quantities.
